

23/01/2019

Council Regulation (EC) 1360/2002
Interoperability Certificate N°. JRC_DTLab/19-117/2019

Manufacturer :	BogArt Sp. z.o.o. Nowa Wieś Mała 40 11-040 Dobrze Miasto Poland
-----------------------	---

Specimen under Test	Interoperability Tests on Digital Tachograph Motion Sensor BogArt Motion Sensor, Version 01
Functional cert.	GŁÓWNEGO URZĘDU MIAR 1/2018 – 05/10/2018
Security cert.	Certificate ID: 9262.16 - TÜV Informationstechnik GmbH

Test Specification:	Motion Sensor Interoperability Certification Specifications – Annex 1B. (Ares(2018)4475882 - 31/08/2018) Interoperability of this Tachograph vehicle unit has been demonstrated with the following recording equipment:
----------------------------	---

Vehicle Unit	Security Certificate
Actia - SMARTACH STDII - version 6.11	DCSSI 2005/14 and M-2006/10
Continental Automotive GmbH - DTCO 1381 - Release 2.2	BSI-DSZ-CC-0936-2015
Continental Automotive GmbH - DTCO 1381 - Release 3.0	BSI-DSZ-CC-1015-2017
Intellic GmbH – EFAS-4.5 - v03	BSI-DSZ-CC-0980-2017
Stoneridge Electronics AB - SE5000 - Revision 7.6	BSI-DSZ-ITSEC-0959-2015
Pars Ar-Ge Ltd - DTC 101 - Version 1.1	TR-21.0.01/TSE-CCCS-018
ASELSAN - STC 8250- Version 1.1	CCN-CC-012/2018

Validity of this certificate:	23/07/2019	(EC) 1360/2002 requirements 286 ¹ and 289 ²
Public web site:	https://dtc.jrc.ec.europa.eu	(EC) 1360/2002 requirement 290
Remarks :	None	

Technical Responsible
M. Chiaramello

Head of Unit
J-P. Nordvik

¹ Requirement [286]: The interoperability certificate is valid for six months. It is revoked at the end of this period if the manufacturer has not received a corresponding type approval certificate. It is forwarded by the manufacturer to the type approval authority of the Member State who has delivered the functional certificate.

² Requirement [289]: The type approval certificate shall be copied by the type approval authority to the laboratory in charge of the interoperability tests at the time of deliverance to the manufacturer.
